# Software Download Datasheet

| | |
|---|---|
| **Software Title** | Honeywell Enhanced DTM Library HART V2.4.75.491 |
| **Release #** | V2.4.75.491 |
| **Product** | Pressure Transmitters; Temperature, Transmitters and Sensors; Transmitter Configuration Tools; Field Instrumentation Configuration and Support Files; Experion PKS R430; Experion PKS R431; Experion PKS R500, Experion PKS R501; Field Device Manager (FDM) R410; Field Device Manager (FDM) R430; Field Device Manager (FDM) R440; Field Device Manager (FDM) R450, Field Device Manager (FDM) R500, Field Device Manager (FDM) R501 |
| **Release Date** | Dec 18, 2018 |
| **Software Download Link** | http://honeywellprocess.blob.core.windows.net/public/Support/Public/Honeywell-Enhanced-DTM-Library-HART-V2-4-75-491.zip |
| **Software Size** | 130 MB |
| **Status** | Current |
| **Overview** | HART DTMs for ST 800, ST 700, SMV800, STT850, STT650, STT750, STT700, ST 3000, and STT 250 products |
| **Download Features Summary** | HART DTMs for ST 800, ST 700, SMV800, STT850, STT650, STT750, STT700, ST 3000, and STT 250 products. Unzip the package and see the Release notes for more details |
| **Downloads Requirements Summary** | None |
