

WAKEFIELD POWERSHIFT TRANSMISSION OIL

SAE 10W & SAE 30

Wakefield Powershift Transmission Oil is designed to deliver a maximum performance and long-lasting life in modern off highway powershift transmissions, wet disc brakes, hydraulic components, and final drives.

Advantages

- Meets the requirements of the Caterpillar TO-4
- Superior wear protection and load carrying
- Outstanding yellow metal protection
- Improves protection of gears and bearings

TYPICAL CHARACTERISTICS

TEST METHOD	ASTM	SAE 10W	SAE 30
KINEMATIC VISCOSITY 100 °C, CST	ASTM D445	7.059	11.54
BROOKFIELD VISCOSITY, CP	ASTM D2983	82,000 @ -35 °C	62,000 @ -25 °C
POUR POINT, °C	ASTM D5949	-39	-36
FOAMING CHARACTERISTICS, SEQUENCE II, ML / ML	ASTM D892	20 / 0	20 / 0
ZINC, % WT.	ASTM D6481	0.108	0.108
FZG GEAR SCUFFING, LOAD STAGE	ASTM D5182	11 pass	11 pass

Meets the Requirement of:

- CAT TO-4
